## 1 Introduction and Purpose

Our school embraces the aim of working together with others to improve children's educational and well-being outcomes and notes rights set out in the UN Convention on the Rights of the child.

St John's Primary School believes that inclusion is a basic human right of every child and adult. We value diversity, welcome and respect all members of our local community and our visitors, whatever their age, ability, background or circumstances.

We provide opportunities for all to participate fully and equally. We expect all members of the school community to appreciate and understand the differences in all peoples and communities, to seek to help others and to speak out against injustice. The school will promote equality of opportunity by example, through its policies, curriculum and staffing. We are committed to working with all members of our community to remove any attitudinal, physical or organisational barriers.

Status: APPROVED

Version: 2

Date Approved: 8<sup>th</sup> December 2020

The Policy contains the school's approach to all protected characteristics of disability, sex, pregnancy and maternity, race, religion or belief, sexual identity (sexual orientation and gender reassignment) and cultural or social background. It replaces our previous Equalities Policy **and Accessibility Plan**.

## The legal framework

The Equality Act 2010 requires schools not to discriminate in the **provision of education** on the basis of any of these protected characteristics:

- sex
- race
- disability
- religion or belief
- sexual orientation
- pregnancy and maternity, or
- gender reassignment.

Guidance issued by the Equality and Human Rights Commission, 'What equality law means for you as an education provider: schools', explains the different forms of discrimination covered by the Equality Act 2010 and considers what schools must do to meet the requirements of the Act in relation to pupils.

The Equality Act 2010 prohibits discrimination by schools in their role as **employers** on any of the grounds listed above, **and** on grounds of age or marriage/civil partnership.

Schools are also required by the 2010 Act to have due regard to the need to eliminate discrimination, advance equality of opportunity, and foster good relations across all the protected groups (the 'public sector equality duty').

At St John's we recognise that socio-economic disadvantage can have a significant impact on children's opportunities and achievement. Although socio-economic background is not included in the Equality Act 2010 as a protected characteristic, it is covered by this policy.

Schools also have a statutory duty under S.21(5) of the Education Act 2002 (inserted by the Education and Inspections Act 2006) to promote community cohesion.

### 1.1 Purpose

1. To articulate the school's commitment to equality and, therefore, the values that permeate all other school policies and practices.
2. To ensure that everyone who belongs to, or comes into contact with, our school community is valued and respected.
3. To promote equality of opportunity and eliminate unlawful discrimination and harassment.
4. To explore the school's links with the wider, national and global community.
5. To comply with statutory duties under equality legislation and relevant Codes of Practice.
6. To address all equality and anti-discrimination issues in one document.
7. To ensure any barriers to learning and participation of any groups within our community are reduced or removed.
8. To ensure that everyone is treated with respect and that any form of prejudice is challenged and eliminated.

## 2 School Context:

St John's C of E Primary is a larger than average primary school in Clifton and Redland, just north of the city centre of Bristol. In September 2012 we increased our intake from 45 to 75, we now have a capacity of 525. Currently approximately 19% of our children are from overseas including China, the Middle East, Europe and America. For 13% of our children English is an additional language. The percentage of children receiving SEN support is 10.5%.

### 3 Our commitment:

St John's Primary School is committed to promoting an ethos that safeguards the dignity and well-being of everyone and encourages practices that take into account the rights of individuals to be treated with dignity and respect. We will not tolerate any form of discrimination, harassment and victimisation directed at anyone because of any personal or protected characteristic.

St John's Primary School seeks to foster warm, welcoming and respectful environments, which allow us to question and challenge discrimination and inequality, resolve conflicts peacefully and work and learn free from harassment and violence.

We recognise that there are similarities and differences between individuals and groups but we will strive to ensure that our differences do not become barriers to participation, access and learning and to create inclusive processes and practices, where the varying needs of individuals and groups are identified and met. We therefore we achieve equality for all by treating everyone fairly based on their level of need.

We will build on our similarities, seek enrichment from our differences, celebrate diversity and so promote understanding and learning between and towards others to create cohesive communities.

School leadership and Governors are committed to make all reasonable efforts to ensure that equality is considered in all decision-making.

We will continue to review our policies, practices and procedures so that they do not adversely affect anyone because of any protected characteristic or comply with the three main equality duties.

### 4 Definitions of protected characteristics

#### 4.1 What do we mean by Disability Equality?

We recognise that a person has a disability if they have a physical or mental impairment which has a substantial and long-term adverse effect on their ability to carry out normal day-to-day activities.

#### 4.2 What do we mean by Gender Equality?

We recognise that a person's gender refers to the fact that they are male or female. In relation to a group of people, it refers to either men or women or to boys or girls.

We recognise that stereotypes exist for both genders and some can lose opportunities because of these stereotypes and welcome the requirements of the Equality Act 2010 with specific provision for Gender Equality.

#### 4.3 What do we mean by gender reassignment Equality?

We recognise that a person may express their gender in a way that differs from or is inconsistent with the physical gender that they were born with.

We understand gender reassignment does not necessarily require a medical process to be undertaken and that a person will be protected because of gender reassignment if they:

- Make their intention known to someone at the school
- Start to behave or dress according to the gender they identify with
- Undergo treatment such as surgery or hormone therapy
- Have already received gender recognition under the gender recognition act 2004

The school will also respect the confidentiality of those seeking gender reassignment and will provide a supportive environment within its school community.

#### 4.4 What do we mean by pregnancy and maternity equality?

Treating a woman (or a female pupil of any age) less favourably because she is or has been pregnant, has given birth in the last 26 weeks or is breastfeeding a baby who is 26 weeks or younger.

We will not discriminate against a pupils or staff in absences related to pregnancy and maternity. Specific provisions for pregnancy and maternity for staff are covered by the BCC adopted Policies – “Maternity and Caring Employee Scheme” and “Teachers Maternity and Adoption Scheme”.

#### 4.5 What do we mean by Race Equality?

The school adopts the definition of Race as outlined in the Equality Act 2010 as one of the protected characteristics which refer to a group of people defined by their race, colour, and nationality (including citizenship) ethnic or national origins.

The School recognises that Black, Asian and Minority Ethnic pupils and staff may experience discrimination on the basis of race, colour, nationality and ethnic origin. This discrimination can manifest itself in all areas of their lives and can have serious consequences in terms of damaging people emotionally and physically and limiting life choices and opportunities.

The school and governing body does not tolerate any form of race discrimination which it recognises is unacceptable, discriminatory and unlawful, and is proactive in ensuring that people whatever their race, are treated fairly.

#### 4.6 What do we mean by Religion or Belief equality?

A Religion or belief refers to a religious and/or philosophical belief including lack of belief (e.g. Atheism). A religion must be identifiable and have a clear structure or belief system. A belief need not include faith or worship of a god or gods, but must affect how a person lives their lives or perceives the world (e.g. Humanism).

We recognise that discrimination, harassment and victimisation on the grounds of religion and/or belief or non-belief may be experienced in a number of ways, including day-to-day interaction with fellow pupils, staff and visitors.

The school seeks to eliminate all forms of discrimination and prejudice based on religion and/or belief or non-belief, either direct or indirect, and is committed to treating staff, pupils and others fairly, regardless of their religion or belief and will not condone unfavourable treatment on this basis.

We will comply with the requirements of the Equality Act 2010 with regard to religion or belief and any incidents of bullying, harassment and/or victimisation on the grounds of religion and/or belief or non-belief will be taken seriously and could provide grounds for disciplinary action that may lead to dismissal or exclusion from the school.

#### 4.7 What do we mean by sexual orientation equality?

The school uses the definition as outlined in legislation as sexual orientation meaning a person's sexual orientation towards:

1. persons of the same sex
2. persons of the opposite sex, or
3. persons of either sex

The School will combat discrimination faced by lesbians, gay and bisexual (LGB) people. We want to ensure equality of opportunity for LGB people across our curriculum provision, services and employment. We will respect the rights of individuals to be open about their sexual orientation, tackle homophobia and challenge stereotyping.

The school recognises the need to protect pupils and staff from unlawful discrimination and harassment on grounds of sexual orientation as required by the Equality Act (Sexual Orientation). We are committed to taking a pro-active approach to preventing all forms of homophobia within the school.

We will deal with complaints of discrimination and harassment speedily and according to Local Authority Guidance and notify complainants of the outcome and actions taken.
