

Design and Technology Challenge 2021

102 Arches

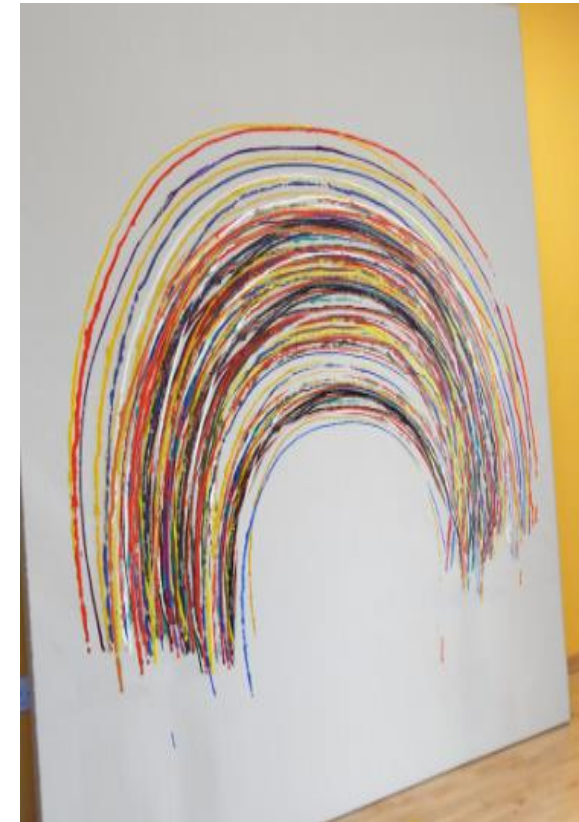

We would like to offer you the opportunity to show off your creativity, imagination and practical skills in a Design and Technology challenge during our time away from school.

The competition will run across the whole school but there will be a winner from each site, who will win a fabulous prize of gift vouchers!

Lots of you will have seen the amazing 100 Arches art installations by Johann Arens which run across both of our school sites.

The idea behind the 100 Arches project is that an arch connects two points, in the same way that our school has **two sites** but we are connected as **one school**.

Unfortunately, at the moment we cannot all be connected and together due to the Coronavirus.

Therefore we would love you to create **your own arch** from home to remind us that even though we cannot all physically be in school – we are still a St John's community whilst we learn from home!

Competition Criteria

- Your arch can be as imaginative as you like – it can be themed on your own interests, the Covid lockdown or St John's Primary themed - the more imaginative the better!
- If you have a specific skill e.g. you are fabulous at knitting or you are a pro Lego builder then you can show off your skills in this project.
- Use whichever materials are available to you – this could be your construction apparatus, flowers, fruit and vegetables, paint, boxes, balloons, lights, wood, recycling containers etc.
- Adults can assist but the project should mainly be completed by you.
- If you can reflect any of the school values into your project that would be fabulous – the St John's values are respect, equality, determination, friendship, collaboration and positivity.

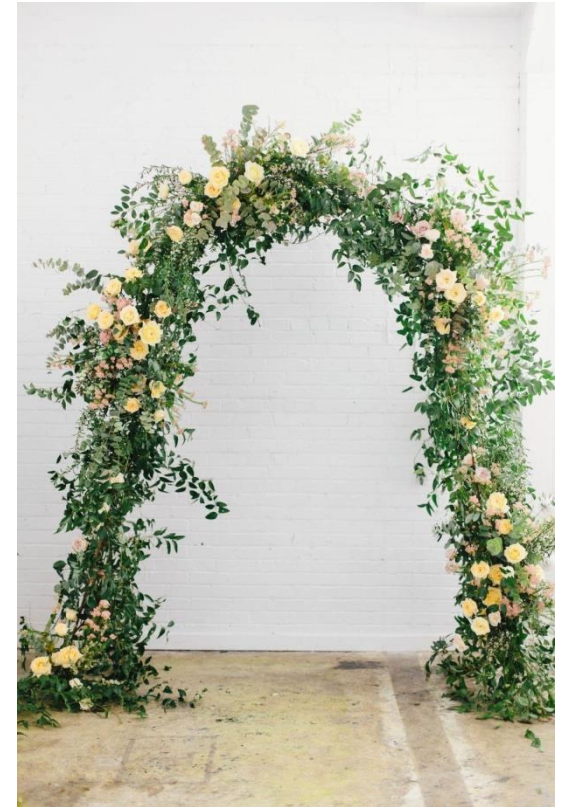

Some inspiration for you...

Some inspiration for you...

Please send photographs of your finished arch model to Mrs Dungey or Mrs Britton.

EYFS and Years 1 and 2 entries to:

dungeyh@stjohnsprimary.org.uk

Years 3, 4, 5 and 6 entries to:

brittonc@stjohnsprimary.org.uk

The deadline for the project is - **Friday 5th February 2021**. The winners will be announced at the end of the term.

Winners will be announced by email and the school website.

Good luck!

Together, Fly

High Like an Eagle
