

Bristol City Council are making changes to the way they provide funding for children on support plans in schools.

Does your child have a support plan?

Does your child receive any extra support in school which is provided by extra funding , sometimes known as top up funding?

(your school will know if you need to check).

Bristol Parent Carers and Geldards Solicitors are running online information sessions (one evening and one daytime) explaining how these changes could affect your child's provision.
